Lawyer Melbermott abnaunced that he had received a cablegram from Mr. Walbaum, which stated he would return to this country from Italy on Feb. 21. He is now in Germany, but will visit Italy and then leave for home.

After the Guttenburg cases had been disposed of, the Court cailed John Madden, Edward Dugan, Charles Somers, Charles Cooke and Stephen P. Yoe, members of the Street and Water Board under Mayor Cleveland, and who were indicated on the charge of malfeasance in office.

The "Big Four" personally are well known to sporting people and turfmen walbaum, familiarly known as "Dutch Fred." was once a notorious New York dive-keeper. He was known in the turf world as a "sure thing" gambler, and had everything his own way at distending having a major portion of the books in the ring, and owning horses.

Dennis McLaughlin was the politician and wire puller of the combination. He was at one time Treasurer of Hudson County, and his word was law.

Johnny' Carr was undoubtedly the hrains of the combination.

Perhaps the only one who did not come out of the combination enormously wealthy is "Nick" Crusius, who would up with less money that he began with Crusius owned the Okolona Distilling Company, and was very wealthy when he began. To-day, it is popularly believed, that he is "broke." Anshow, his business is in a very bad shape. He was the "good thing" for the others.

The Hudson County Court-House in Jersey City was crowded this morning with politicians and spectators in expectation of hearing sentence pronounced on Dennis McLaughlin, excounty Clerk of Hudson County; Gottfried Walbaum, Nicholas Crusius and John C. Carr.

It was not long after 10 o'clock when Judges Dixon, Magie and Lippincott ascended the bench. After court had been formally opened, the men, with the exception of Walbaum, who is in Baden Baden, Germany, were called for sentence me for life, as I cannot stand it. I would rather you sentence me to death in the electric chair. Oh make it twenty years and the Mailonna will bless you. When I wrote that letter to my wife, I did not intend to threaten her, but merely sought to make her come back to me.

their action. The Superintendent was directed to law in force at the time the alloged of fense was committed or under the law in operation at the time the indictment was found. The matter was referred to the Supreme Court and their decision was given to-day.

The name of the four defendants were called by the Clerk, and every one in the court-room craned his neck to get a good look at them. After the men were arraigned, Lawyer MoDermott announced that Mr. Washaum was in Germany for his health, but would return as quickly as possible.

Judge Dixon reviewed the facts in the case as given at the trial, and stated the evidence clearly showed that their conviction under the law was a fair and just one. The Judge stated that the Court would give the fact that the Guttenburg race track is not now in existence some consideration in passing the sentences.

The Judge hen sentenced the men to pay a fine of \$500 each and to be imprisoned in the Hudson County Jail; at hard labor for one year.

After sentence had been pronounced, Lawyer McDermott asked for a writ of error and a stay of execution in order to appeal.

It was granted, and the men were released in \$6,000 bail each, to appear before the Court of Errors on April 1.

The Superintendent was directed to prefer charges against Patrolman Frederick Wagner, of the Oak street station, who is accused of robbing Mrs. Edith Rennett of \$50 and of accepting a brile of \$10 from her.

Lovid Seaman, of 31b Washington street, asked for the would rever nearly the privilege of dumping snow into the river. Referred to the Dake was a fair and just one. The Judge stated that the Court would give the fact tha
